

Where can I find information about how education for my child is being handled during the COVID-19 pandemic?

First, look on your school district's website as they should have general information posted about how the district is handling as well as information on each school's website.

The Education Service Centers (ESC) have updated information about the school districts they serve and resources that are available. The three ESC's for schools in Region 6 are:

Education Service Center 6 www.esc6.net

For school districts in: Montgomery, Walker

Education Service Center 4 www.esc4.net

For school districts in: Brazoria, Chambers, Fort Bend, Galveston, Liberty, Waller, and Harris

Education Service Center 3 www.esc3.net

For school districts in: Matagorda, Wharton, Colorado
